

Training Organized during April, 2020 to March, 2021

1. Online Training Series # 1 on “Geotechnical Investigations and Construction Material Characterization” during 19 - 20 August, 2020.
2. Online Training Series # 2 on “Geotechnical Investigations and Construction Material Characterization” during 17 – 18 September, 2020.
3. Online Training Series # 3 on “Rock and Rock Mass Characterization” during 28 - 29 October, 2020.
4. Online Training Series # 4 on “Embankment Dams: Investigation and Quality Control" during 15 - 16 December, 2020.
5. Online Training Series # 5 on "Geotechnical Investigations and Quality Control Aspects of Rockfill Dams for River Valley Projects" during 22nd January, 2021.
6. Online Training Series # 6 on “Geotechnical Instrumentation for Hydroelectric Projects" on 5th February, 2021.
7. Online Training Series # 7 on “Geotechnical and Construction Materials Investigations for the preparation of Detailed Project Reports for Hydropower Projects” from 11 - 12 March 2021.
8. Training on “Construction Quality Management” to Batch No. I of WRD (PWD) Engineers was organized jointly by CSMRS and WAPCOS during 22 – 24 February 2021 at Tiruchirapalli.
9. Training on “Construction Quality Management” to Batch No. II of WRD (PWD) Engineers was organized jointly by CSMRS and WAPCOS during 22 – 24 February 2021 at Tiruchirapalli.
10. Training on “Construction Quality Management” to Batch No. I of WRD (PWD) Engineers was organized jointly by CSMRS and WAPCOS during 25 – 27 February 2021 at Tiruchirapalli.
11. Training on “Construction Quality Management” to Batch No. II of WRD (PWD) Engineers was organized jointly by CSMRS and WAPCOS during 25 – 27 February 2021 at Tiruchirapalli.
